■ Precautions

- We do not guarantee software products commercially available, which are Microsoft Windows Operating System compliant and introduced in this manual.
- This software's copyright is owned by Mitsubishi Electric Corporation.
- This product (including this document) can be used under the Software License Agreement only.
- Before using this product, read this document carefully, and use the product properly while paying full attention to safety.

Installation

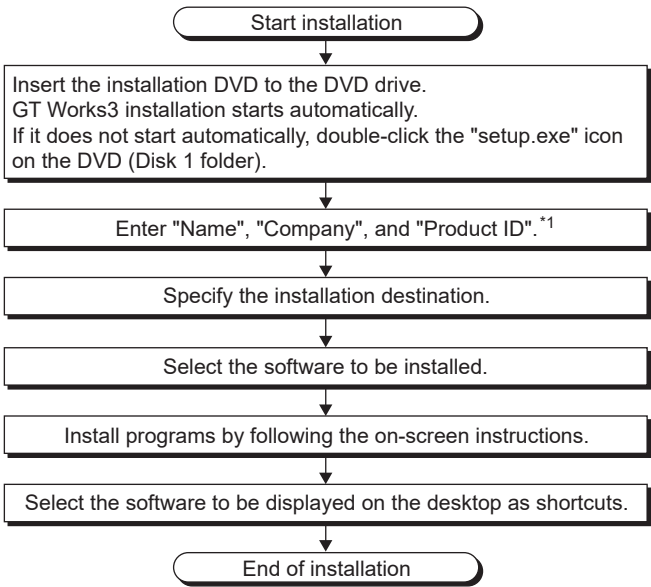

The following explains how to install GT Works3 to a personal computer.

■Check before installation

- Log on to the personal computer with administrator privileges.
- Close all the software applications running under Microsoft Windows Operating System before installation. Otherwise, the product may not be installed properly.
- For the installation folder, select a folder to which administrator privileges are granted. To enhance security, it is recommended to specify the default installation folder.

■Batch installation

Install multiple software in a batch.

*1 : Product ID is written on the "License certificate" included with the product. Enter the 12-digit number divided into 3 and 9 digits.

■Individual installation

Each software can be used individually by installing only the required software.
Double-click the "setup.exe" icon or msi file in each folder to install the software.
For the software where the setup.exe is not included, copy the entire folder and then run it.

Folder	Software	Location of "setup.exe", execution module
Disk 1	GT Designer3 (GOT3000)	Disk 1\ "GTD3_3000" folder
	GT SoftGOT3000	Disk 1\ "SGT3000" folder
	GT Designer3 (GOT2000)	Disk 1\ "GTD3_2000" folder
	GT Works Text to Speech License *1	Disk 1\ "Sound \Text to Speech License" folder
	Data Transfer Tool	Disk 1\ "DataTransfer" folder
	GT Reporting Tool	Disk 1\ "GT Reporting Tool" folder
	MELSOFT GT OPC UA Client	Disk 1\ "GT OPC UA Client Setting Tool" folder
	GT Document Update Tool	Disk 1\ "GT Document Update Tool" folder

*1 : A software for registering the license. A separate license is required.

Precautions

- Make sure that the system does not enter a power saving mode (standby, hibernation, or sleep mode) during software installation.
- If the driver installation confirmation screen appears during software installation, follow the on-screen instructions to install the driver.
- If a warning message from the security software is displayed, proceed the installation by following the on-screen instructions.
- If you need the latest version of GT Works3, consult your local sales office.
- After installation, please do not save the data in the following folder.
<Installation folder>\GTD3_3000\App
<Installation folder>\GTD3_2000\App

Uninstallation

The following explains how to uninstall GT Works3 from the personal computer.

1. To uninstall the software, open the Windows Control Panel, click "Uninstall or change a program", select "GT Works3", and click the uninstall button.
